Helpful Reminders:

We will be in contact with you (the project coordinator) the week of August 26th to let you know the volunteer team that has been assigned to your project. Please keep an eye out for an email with details of the team you were matched with because in that email will be the contact information of the volunteer team leader who you will need to reach out to.

Every volunteer team leader and project coordinator will be provided with the contact information of their matched project or team so arrangements can be made to complete the project.
